MACLAREN

The full-featured lightweight sporty solution

Product Description

The atom style set is super lightweight and small enough to travel in the overhead cargo of aeroplanes. This one-stop shop stroller will take any traveler to the far corners of the galaxy and back. Designed to meet the needs of families across space and time: car seat compatibility for the smallest of passengers, a multiple seat recline for curious explorers and super lightweight and compact fold for jet setters. The style set is fully loaded with key accessory essentials, including a Raincover, Infant Comfort Pack, Seat Liner and Storage Bag - ready to roll right out of the box. Be sure to review your airline's cabin luggage standards!
