### **RECOMMENDED MATTRESS SIZE (SUPPLIED)**

This bassinet has been manufactured for use with a mattress which measures 410mm wide x 775mm long and 22mm in thickness. The width and length are specified because it is important that the gaps between the mattress and the sides and ends of the bassinet will not exceed 40mm. This is to minimise the risk of a child's limb becoming caught in the gap.
