

Spin 'N' Sprinkle Sensory Arc

Yookidoo[®]
celebrating discovery

The must have bath toy.

The world's first newborn water sensory bath mobile that spins and sprinkles creating a multi-sensory, fascinating and engaging experience for baby. This innovation keeps babies and infants amused, engaged & calm during bath time, while stimulating their audio, visual & tactical senses. Battery operated with colourful flowers that spin & sprinkle while bird sprays a gentle stream of water. The Sensory Arc promotes sensory development and enhances tactile stimulation, visual focus skills through contrast and movement, being at the perfect distance for baby's developing eyesight and also promotes hand-eye coordination, while high contrast colours focus baby's attention.

Features

- Battery operated sensory bath mobile with colourful flowers that spin and sprinkle while swiveling bird sprays a gentle stream of water.
- Designed to create a multi-sensory fascinating experience for baby.
- Press bird button to start the water show.
