

Squeeze™ Spoon

munchkin
it's the little things.

READY, SET, FEED!

Feeding baby can be a very messy affair, and sometimes that squeezes out all the fun of introducing solid foods. Munchkin's Squeeze™ spoon helps contain the mess to make feeding stress- and mess-free, especially while on-the-go. Simply fill the squeezable base with pureed baby food (homemade or store-bought), and twist on the spoon tip. Then, just squeeze the food directly into the spoon and recap when feeding time is done. For busy, on-the-go mums, this is a convenient, can't-live-without-it solution for easy peasy mealtime fun.
